

EXTENDED WARRANTY

GO *the* DISTANCE

EXHILARATION AND COMFORT ASSURED

Your Maserati was built to perform at the highest level, while also providing superb comfort and practicality – whether you're commuting or crossing a continent.

We firmly believe that nothing should compromise the enjoyment all this delivers. Which is why we designed the Maserati Extended Warranty program. With this, you can extend the warranty of your Maserati through to the fifth year, with no limits on mileage. This means you can drive any distance, safe in the knowledge that your car is being cared for with the same pride and attention to detail that went in to creating it.

Maserati Extended Warranty provides the same cover as your contractual warranty up to the fifth year after the registration date. All you need to worry about is whether you want to activate one year at a time or two years in a row, to activate the program during the contractual warranty period or to enjoy special conditions with the early-Extended Warranty activation (within the first 6 months of contractual warranty).

What's more, you can always count on our Official Maserati Dealerships, with highly skilled Maserati technicians, and for extra peace of mind, this program also includes Maserati Mobility services.*

*Complementary mobility services are subject to regional restrictions.
