PERSONAL SERVICE LAB

BRAKES PACKAGE

Impeccable performance, total peace of mind.

Your Maserati is designed to make every adventure together unforgettable, where driving pleasure is also derived from the safety it conveys. That's why we have created the Brakes Package, which guarantees optimum performance of the braking system, so you can continue your journeys with total peace of mind.

As always, the work is carried out by highly specialised Maserati technicians: contact your local Maserati dealer to find out more.

Full control, no compromises.

The Brakes Package is designed to give you optimum performance and uncompromising safety. The service applies to all types of brakes - with the exception of carbon-ceramic brakes - and includes replacement of discs and pads. Labour is included and is always carried out by specialised Maserati technicians. The service can also be purchased together with other maintenance packages.

For further information, contact your preferred Maserati dealership. Your next destination awaits you.
