GENUINE ACCESSORIES WHEEL RIMS

## PURE BEAUTY, DOMINATING CHARACTER.

This is not just a simple accessory: the wheel rim expresses the character of the car and that of its driver.

When it comes to choosing wheel rims, strong emotional aspects are involved. The desire to personalise your own Maserati emphasising its sporty style, elegance, power and cutting edge nature, plays a major role.

This is how the new and unprecedented exclusive line, available only in the Maserati Genuine Accessories range, has been designed.

ERACLE

STYLE MEETS  
PERFORMANCE.

Identified by the name that evokes the Greek god, symbol par excellence of courage, power and superhuman strength, the Eracle wheel rim has been developed to enhance the exclusive style of Levante and to provide optimal levels in terms of quality and performance.

ZEFIRO

DESIGN WHICH COMMANDS  
THE ROAD.

Exclusively conceived for Levante, the Maserati SUV, Zefiro is a wheel rim with a dominating character. Ten alloy spokes with matt black finishing blend into a harmonious and essential design.

ARES

## UNMISTAKABLE SPORTING STYLE.

Originally conceived in grey color as an optional in the car configuration stage, Ares stands out with its modern and distinctive look. This new exclusive glossy black and diamond cut finish has been designed in conjunction with Maserati Centro Stile in order to maximize the exclusivity and attractive design of Levante.

PROTEO

## MATT PAINT, DARING DESIGN.

Sculpted lines, clearly defined volumes, and a modern and captivating design that emphasises the sporty soul of the Maserati brand. The Proteo matt finishing in the "total black" version boosts the feeling of speed and extreme dynamic handling of the vehicle. The spokes decorated with red flames - available in the second version - further highlight the aggressive look of this uncompromisingly different wheel rim.

**Available for Ghibli and Quattroporte.**

## COMPLETE WHEELS AND TYRES

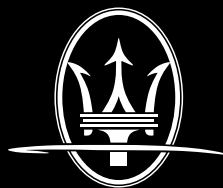

### TO ALWAYS LEAVE YOUR MARK.

All the wheel rims in the Maserati Genuine Accessories range may be purchased also as complete Wheels and Tyres. The Original MGT tyres (summer, winter or all-season tyres) provide optimal control, stability and performance. The special wheel centre caps and the TPMS sensors emphasise the combination of technology and design, and they further highlight the sporty and/or elegant style of each vehicle.
