

Maserati

GranTurismo

 *75th anniversary*

Be the first

Radical innovation characterizes the all-new GranTurismo, but the principle behind that evolution has remained constant since day one. Because icons aren't born overnight. To mark the occasion and celebrate 75 glorious years of grand touring, we've produced a limited edition **PrimaSerie**. Two irresistible Trofeo configurations but only 75 are available. One **Trofeo** option is inspired by our racing heritage: in **Grigio Lamiera** with Corse red details reinterprets the bodywork of the Officine Alfieri Maserati. The other, in **Nero Cometa** with mint green accents, offer an out-of-this-world projection of performance aesthetics.

A legend that embodies the future, an exclusive edition that will be gone in a moment. The new generation of Maserati grand tourers is offered in a limited **PrimaSerie 75th anniversary** launch edition. 75 exclusive units of the two versions available. Striking looks and custom interiors with subtle nods to the original grand tourer distinguish these collectors' pieces. Usher in a new era of grand touring, own the unique new Maserati **GranTurismo Trofeo** before anyone else.
